Choose one of the Japanese arts –on pages 205-207 in your Social Studies book- research in books and on line. Write a comprehensive paragraph about the art and examples of it on one side of your fan. On the other side of the fan either draw and color or get colored pictures of the art you have chosen.

Your paragraph should have a topic sentence many supporting and or explanatory details and a concluding sentence. You may use the internet to get more details about your subject. All writing should be typed or very neatly written in black ink.
